Eddie Yue: Credit risk management of commercial real estate exposures

2026-04-23 · RVD
HK Property Review 2026 released — office prices −13.6% YoY, Grade B worst (−18.1%)

Methodology. Classified loan ratio (gross) = sub-standard + doubtful + loss as % of total loans, per HKMA classification. Provision coverage uses general + specific provisions over classified loans after collateral. Office price index covers Grades A/B/C territory-wide. Alerts evaluated client-side against editable thresholds. Quarterly cadence: HKMA releases on the 9th business day of the relevant month; RVD office indices are monthly (lagged ~1 month).
